Furniture.
We carry a stock of Furniture from the commonest kitchen furniture to the high-class drawing room art goods, at prices that are not equalled west of Winnipeg. You ask how do you do that? There is no secret about it. This is how it is done.

On Dec. 10th, we unloaded one car iron Beds, Springs and Mattresses.
On Dec. 14th, one car kitchen Chairs, Table and Cabinets.
On Dec. 17th, one car Bedroom, Dressing Room Furniture.
On Dec. 20th, one car Library and Drawing Room Furniture.

And buying in such quantities means buying at lower prices. These are red hot times and as usual we are warned up for the occasion, and are bound to have our trade and hold.

THE GREAT STRIKE

The recent great coal strike in the United States was one of the most far-reaching that has ever taken place. It nearly became an upheaval and that is effects are still felt. The news of the people of an Illinois town seizing coal cars, because of the scarcity of coal is evidence. But probably the furthest-reaching and least expected result of the strike is the removal for a year of the duty on coal. If there is one thing that the protectionist majority of the people of the United States believes in more thoroughly than another it is in the propriety and indeed necessity of a duty on coal. "To prevent the pauper labor of Europe from competing with free born American citizens, sir!" The party of protection is in power, and yet because of the conditions resulting from the strike—or perhaps it might more properly be said because of a wider application of the conditions which produced the strike,—the heads of that party throw down the tariff bars as an invitation to the import of coal from England. For that is what it means. The great centres of population are on the Atlantic coast. They can be supplied from over sea. And Congress never made a wiser stroke of policy than when it said to the coal mine operators, "If you cannot mine the coal needed by the people and sell it at a reasonable price we will buy coal elsewhere. There is no doubt that the operators were taking advantage of their position and the general situation to unduly increase the price and decrease the supply of coal, partly with a view to immediate profit and partly with a view to creating a public prejudice against the recently striking miners. His is the reply Congress to their attempts to take the United States by the throat.

Manitoba Market

Commercial, Jan. 10.
Wheat—Local Situation.—The most important occurrence this week was the order issued by the Canadian Pacific Railway to its agents, on Thursday, not to accept further shipments of grain for Fort William. The reason given was that there was enough wheat now in transit to fill the elevators at that point. The repairs and enlargement of elevator D are not completed yet, but it is expected this elevator will be ready in about 10 days, when shipments to Fort William will be resumed. The capacity of elevator D will be 3,000,000 bushels. The Canadian Northern Railway elevator at Port Arthur is also about finished up, but that company expects to have its new 2,000,000 elevator ready in a few days. The new Canadian Pacific Railway elevator E, under construction at Port William, will not be completed for some time yet.

The situation in Manitoba wheat has been quiet but firm, with a tendency to follow the changes in the United States market. On Monday morning the price of 1 hard red or delivery first half January was 69-1/2c, but when the markets closed it was 70c. It rose to 70-1/2c on Wednesday, 70-3/4c on Thursday and Friday, and at the close of yesterday's business we quote prices—70-11 hard; 69c; 1 nor. hard; 67-3/4c; 2 northern; 65-1/2c; 3 northern, spot, or first half January. For May delivery, hard, 70-1/2c; 1 northern; 67-3/4c; 2 northern; 65-1/2c; 3 northern, 69-1/2c; all in store. For (Winnipeg) Port Arthur, or Duluth.

Oats.—The market is easy and 1-2c lower. Oats are plentiful in the country but lack of transportation facilities is keeping back supplies and prices are some cents above what they would be with prompt delivery. No. 2 white oats are worth 25-1/2c per bushel at Fort William. On track here this grade is worth 24-1/2c to 27c per bushel, and about 24-1/2c is the price for feed white. At country farms farmers are getting 19 to 20c per bushel at central points. On the west here 21 to 25c is being offered for farmers.

Hay.—The market is quiet and these price buyers will pay 28c for 3 extra in warblers on track. Hay is worth 25 to 26c.

There was a large turnout at the supper and entertainment in aid of the Methodist church at Ellerslie on Wednesday night. Supper was served in the Ellerslie store building. The chair was taken by the pastor, Rev. Finch. Arrangements had been made for the assistance of an orchestra, but the orchestra was not present and its place was taken by selections on an excellent gramophone belonging to and managed by Mrs. Tuttle. R. Weir was called to the platform as mayor of Ellerslie, and made a few remarks disclaiming the honor in favor of Mr. McLaughlin, the founder of the place. Although repeatedly urged Mr. McLaughlin did not take the platform. Besides the gramophone selections the programme was as follows:

Song, Fred Richards, Miss Reid accompanying, "Far from the Old Folks at Home."

Solo, Mrs. Hockley, Miss Reid accompanying, "Jerusalem."
Address, Frank Oliver, M.P.
Recitation, Berlie Scamman.
Recitation, H. Gorenlock.

Song, Fred Richards, "Where the Sweet Magnolia Bloom."
Recitation, Geo. J. Donnelly, "Little Orphan Annie."

Song, Mrs. Hockley, Miss Reid accompanying, "To-morrow Won't Do." Encore, "Phantom Footsteps."
Chairman's address.
God Save the King.

HOCKEY

Probably the best game of hockey ever played in Edmonton took place last night when Edmonton team won from Strathcona, the final game in the Calgary Brewing cup series for this year. From start to finish the game was hard and fast, both sides straining their utmost and maintaining a remarkable balance of power. When time was up the score was a tie, 6 to 6, and after playing another 5 minutes each way another tie was reached, 7 to 7. A second 10 minutes was almost up when Edmonton scored the odd goal needed and secured the hard-won victory.

At 8:30 the teams lined up. The players were:

Edmonton,	Strathcona,
I. Goodridge,	goal C. Robson,
J. P. Jory,	point A. Kent,
R. Robertson,	cover point McKernan,
E. Sibbald,	rover R. Blain,
H. Greenwood,	forwards F. Richards,
R. Bellamy,	do H. Ritchie,
A. McLeod,	J. Graboskie,

Stewart Coleclough, of Calgary, who played goal for Strathcona, refereed the game. R. Horst, of Edmonton, and W. Jackson, of Strathcona, were goal umpires.

On the start Edmonton made a good lead and won the first goal by Sibbald in 2 minutes. Then began the furious playing and for 20 minutes the puck was rushed from goal to goal, both sides making at times what appeared to be sure score rushes on goal only to miss by the narrowest margin. Edmonton's second goal was made in 20 minutes and the game appeared to be coming their way. Strathcona changed the order of events 5 minutes later by scoring their first goal and at half time the score stood 2 to 1 in favor of the home team.

In the second half the really interesting part of the game began and the excitement of the 1200 spectators was intense. Alternate bursts of "rooting" from the teams respective enthusiastic followers made the rafters ring and indications as to which team would win out changed almost every minute.

Strathcona set the real excitement afloat by scoring the first goal of this half in 3 minutes. This brought the score even. From that point to the finish was witnessed the real thing in hockey. Edmonton began to play as though things were getting serious and piled up 3 more goals in 5, 2 and 5 minutes respectively. The score then appeared quite safe for the home team, 5-2, but before their supporters could express all the satisfaction they felt Strathcona followed suit with another 3 goals in 2, 5 and 10 minutes respectively bringing the score a tie, 5-5, at dangerously near full time. Five minutes hard work gave Edmonton an extra goal but there was still time for the visitors to secure another also while they were going, which they did, in 3 minutes, and time closed with a tie, 6 to 6.

The teams then changed goals again and began a five minutes play, each way. Strathcona scored the first goal and after changing goals for the second 5 minutes Edmonton repeated the trick and time closed again with a tie, 7 to 7.

A second ten minutes play was soon begun and the teams, though they had had a long hard struggle, played the game with a grim determination. The excitement of the spectators was at its height. In the first half neither side scored and only 2 minutes of the last were left when Edmonton broke the tie by a pretty shot from Sibbald. Though Strathcona made a good effort to gain another goal the time was too short and the cup remains the property of the home team for another year, the score closing at 8 to 7 in their favor.

Though Edmonton won from the score it will be seen that the teams are practically evenly matched, and the next game will be watched with considerable interest. Fully 1200 spectators were present and the general opinion was that they saw the best 25 cents worth of hockey they ever witnessed. Both teams are a credit to Northern Alberta and either one could make it interesting for southern teams could a match be arranged.

The Calgary Brewing cup must be won three years in succession to become the permanent possession of one team. Edmonton won last year and this. The series this year consisted of three games. Strathcona won the first, score 5 to 2, Edmonton the second, score 3 to 1, and third, score 8 to 7. Next year's series for this cup promise to be keenly contested.

TO EXEMPTIVE PATENTS

Alberta: In accordance with the regulations of the department, it has been previously the practice of the Dominion Land Agents to forward all applications for homestead patents to Ottawa, and instructions were issued from there to the homestead inspector to make the necessary inspection. This system has now been done away with and the applications will now be dealt with by the agents alone, according to an order-in-council recently passed. Instructions will be issued by the inspectors, who will report to the agents at which the applications are received. This system will result in an immense saving of time and simplify the regulations governing the issue of the patents.

Boys' Clothing

That Interests Parents.

Every parent knows just how hard his boy is on clothes and we add that few fathers or mothers in reality care if their boys are a little rough in their play and clothes don't wear quite so long as they may have at first expected, for no right minded person likes an effeminate boy, for it is the sturdy, rough and ready little fellows who develop into the most useful class of Canadian citizenship. Our caution is—don't pay too much for boys' clothes, but get them good clothes at a fair price from a reputable firm which does not hesitate to replace with a new suit any which does not wear well. Now that the school season has opened again, the boy may need a new suit, nor can you make more advantageous investment than by the saving you make for these necessities at

A Sad Case

Vancouver, Jan. 10.—Lohman, a South African hero, who was shot through the jugular vein and lived, although he had eight other wounds, is to fill a felon's grave.

This morning Lohman, who is a provincial constable, shot himself dead, while under arrest for forging the signature of Officer Campbell to a \$50 cheque.

Last night, when Lohman was arrested, he wrote a letter to Mrs. Rechers, San Francisco, stating that he was going to kill himself, and wishing that he had taken her advice; and that he was a worthless fellow, and that his reputation in this world would have been better, and his memory treasured more, if he had been killed at Paardeberg.

C. & E. INTENTIONS

Calgary Herald: It is understood that N. E. Brooks, the local representative of the Calgary and Edmonton Railway Company, has instructions to get everything in readiness by spring for commencing constructing work on the three new branches which the company is applying for authority to build. They will run respectively from Wetaskiwin east a hundred miles, from between Lacombe and Red Deer east a hundred miles and from Strathcona northwest a hundred miles. The company also seeks power to build between Strathcona and Edmonton.

AGRICULTURE

The entertainment given here last week was a great success and fully maintained the reputation of the district for its loyalty to the British flag. Union Jacks were tastefully arranged around the platform by Miss Curry, the teacher of the school. A song sung by 25 little ones to the tune of "The British Grenadiers," in which they triumphantly proclaimed that "the flag that waved a thousand years is good enough for me," was enthusiastically received.

The feature of the evening was a tableau representing the various nationalities meeting in harmony under the Dominion colors. The Canadian was represented by E. J. Pearce, in the uniform of Strathcona's Horse, and Miss Flora Tofted. G. Graham in naval uniform and Miss Nellie Walker, representing England. O. McLellan in Highland costume, and Miss Lillie Pearce represented Scotland. A. Walker was a typical Irishman with Miss G. Davis for a partner. Fred Walker and Miss Dilly represented France. R. Squibbington and Miss McLellan in costume appeared as Indians. E. Connor and Miss A. Walker made an excellent representation of our celestial citizens, while E. Walker with the inevitable long pipe and Miss Lucy McLellan made a good German pair.

After a procession in which the various couples saluted each other according to their national customs they lined up and sang with much enthusiasm "The Maple Leaf Forever." The proceeds of the concert amounting to \$40 were devoted to the purchase of books for a library.

Much satisfaction is expressed with the teacher Miss Curry. She evidently left none of her loyalty in her Ontario home, and is doing well to teach her scholars that there is no other flag to compare with the old Union Jack.
